In further consideration of being permitted to enter and use the PREMISES, facilities and equipment, CLIENT assumes liability for all improvements on the PREMISES that are damaged by the acts or omissions of CLIENT, CLIENT'S HORSE(S), persons on whose behalf CLIENT has executed this Contract and persons who enter the PREMISES upon CLIENT'S invitation.

All BUSINESSES PROVIDING SERVICES AT THE RANCH and all persons/entities

with an ownership or possessory interest in the PREMISES identified in this Contract are intended third party beneficiaries of this paragraph.

E. RELEASE OF LIABILITY and COVENANT NOT TO SUE: In further consideration of being permitted to enter the PREMISES, to participate in EQUINE ACTIVITIES, CAMP ACTIVITIES and otherwise use the PREMISES, facilities and equipment, and the benefits to be provided under this Contract, each signatory hereto on behalf of him/herself, his/her heirs (including all minor children), administrators, estate, assigns and representatives, and to the extent that a signatory hereto is executing this Contract in his/her capacity as the parent or legal guardian of another person, on behalf of each said person, and said person's parents, guardians, heirs (including minor children), administrators, estate, assigns and representatives fully releases, acquits and discharges RANCH, all other BUSINESSES PROVIDING SERVICES AT THE RANCH, all persons/entities with an ownership or possessory interest in the PREMISES identified in this Contract, and any and all other persons, firms, entities or corporations who are or can ever in any way be liable to the undersigned, of and from all claims, demands, damages, actions and causes of action of every kind and nature (including but not limited to rights of indemnity and contribution) known or unknown, existing, claimed to exist, or which can ever hereafter arise out of or result from or in connection with: the use of the PREMISES; hidden, latent or obvious defects in the PREMISES; hidden, latent or obvious defects in any facilities or equipment that may be provided for CLIENT'S use by RANCH; EQUINE ACTIVITIES; CAMP ACTIVITIES; or any of the other risks, terms and conditions described in this Contract (including those itemized in ¶3 of this Contract), including but not limited to any and all liability for any injuries and damages to persons, HORSES and/or property that may arise from the strict liability, passive negligence or active negligence of RANCH, all other BUSINESSES PROVIDING SERVICES AT THE RANCH, all persons/entities with an ownership or possessory interest in the PREMISES identified in this Contract, and the other parties herein released. This Contract includes a stipulation that none of the releasing parties shall sue a party herein released for any matter that is covered by this release.

Each signatory to this Contract has been fully advised and understands that the injuries and damages that may be sustained and are waived by this Contract are of such a character that the full extent and type of such injuries and damages, if any, are unknown at the date hereof, and may be of an unanticipated character or extent. Nevertheless, each signatory does hereby for himself/herself and each person on whose behalf he/she has executed this Contract, forever and fully release and discharge the parties herein released and discharged, and understands that by the execution of this instrument no further claims may ever be asserted by the releasing parties, or on their behalves. The undersigned agree as a further consideration that **provisions of Section 1542 of the Civil Code of the State of California are hereby expressly waived**, and the signatories hereto understand that said Section provides:

A general release does not extend to claims which the creditor does not know or suspect to exist in his favor at the time of executing the release, which if known by him must have materially affected his settlement with the debtor.

F. INDEMNITY AGREEMENT: In consideration of CLIENT of being permitted to enter the PREMISES, to participate in EQUINE ACTIVITIES, CAMP ACTIVITIES and otherwise use the PREMISES, facilities and equipment, and the benefits to be provided under this Contract, each adult signatory to this Contract hereby agrees to **indemnify, provide a legal defense to, and hold the RANCH, all other BUSINESSES PROVIDING SERVICES AT THE RANCH and all persons/entities with an ownership or possessory interest in the PREMISES identified in this Contract** harmless from any damages, losses, injuries, demands, claims, settlements or judgments caused by or arising from the strict liability, negligent, reckless, and/or intentional acts or omissions of: said signatory; a person on whose behalf said signatory has executed this Contract as a parent or legal guardian; and/or a person who has been brought onto the PREMISES by said signatory or a person on whose behalf said signatory has executed this Contract as a parent or legal guardian.

3. RISKS ASSUMED:

The risks assumed by execution of this Contract include, but are not limited to, the risks associated with: (1) EQUINE ACTIVITIES; (2) CAMP ACTIVITIES; (3) the failure of any equipment or tack the RANCH may provide for the purpose of HORSEBACK RIDING or CAMP ACTIVITIES (including failures resulting from hidden, latent and patent/obvious defects in the equipment and tack); (4) the acts or omissions of persons, HORSES and/or other animals under the control of RANCH; (5) acts of nature and wild animals; (6) acts of persons, HORSES and other animals that are not within the control of RANCH; (7) the presence and acts of domestic animals and livestock, including but not limited to cats, dogs and cattle; and (8) conditions of the PREMISES and improvements thereon. The risks acknowledged and assumed by execution of this Contract specifically include, but are not limited to:

A. **HORSES ARE INHERENTLY DANGEROUS:** The RANCH does not permit anyone to jump a horse on the premises. Even without jumping HORSEBACK RIDING is a vigorous, rugged, adventurous, recreational sporting activity that at all times, and despite all safety precautions, involves many obvious and non-obvious inherent risks. No HORSE is completely safe; no amount of training can make a HORSE completely safe; and no amount of care, caution, instruction or expertise can ensure that a PARTICIPANT or HORSE will not be injured while engaging in EQUINE ACTIVITIES. A HORSE is a very large, fast and athletic animal that must at all times be presumed to be unpredictable and potentially dangerous, and a PARTICIPANT must at all times be presumed to be at risk of harm from a HORSE. Even an unprovoked HORSE can stumble, trip or fall, injuring itself, its rider/handler, bystanders, or another PARTICIPANT, and/or another HORSE. HORSES can and do cause damage to property, injury to animals and people, and injury to themselves. This occurs when HORSES are handled with reasonable care by both inexperienced and expert horsemen.

B. **A FRIGHTENED HORSE:** If a HORSE is startled, frightened, injured or provoked, it may divert from its training and act according to its natural survival instincts that include, but are not limited to: stopping short; tripping, falling or stumbling; changing direction and/or speed at will; shifting/throwing its weight from side to side; bucking; rearing; biting; kicking or running from the perceived danger; or pulling back from the person holding the lead line or the object to which the HORSE is tied. The stimuli that will startle, frighten or provoke a given HORSE may vary from day to day or even from moment to moment. No person can reliably predict the stimuli that will startle, frighten or provoke a HORSE.

C. **INCREASED RISKS OF TRAINING AND COMPETITION:** The process of training to improve the performance and skill of the rider or HORSE inherently involves challenging the HORSE and rider to perform tasks they have never before accomplished, and challenging the HORSE and rider to perform familiar tasks with increased precision and/or speed, thus increasing the risks associated with EQUINE ACTIVITIES. Competing on a HORSE inherently involves challenging the HORSE and rider to perform at and test the extreme limits of their skills, thus increasing the risks associated with EQUINE ACTIVITIES.

D. **INJURIES CAUSED BY A HORSE:** If a rider falls or is thrown from a HORSE to the ground it will generally be at a distance of at least 3½ to 5½ feet in the event of a fall, a greater distance if the rider is thrown, and can be at a high rate of speed. In the event a rider falls from or is dragged by a HORSE, or a horse falls/lands in whole or in part on a person, steps on, kicks, bites or runs into a person, the person may sustain *SERIOUS, PERMANENT PHYSICAL OR MENTAL INJURIES, INCLUDING PERMANENT DISABILITY, PARALYSIS, BRAIN DAMAGE* or even *DEATH*. Those injuries may result in the need for extended medical care or treatment, long term personal care, and/or hospitalization.

E. **VOLLEY BALL, FOOTBALL and TENNIS:** Volley ball, touch football and tennis are active sports that can result in serious and even permanent injuries from contact with equipment or other participants.

F. **ARCHERY and RIFLERY ARE INHERENTLY DANGEROUS:** The handling and use of archery equipment and firearms (including air pellet rifles), and being around them when they are handled and used, is inherently dangerous. Archery and riflery are high risk activities. Although the risks can be minimized by particular safety practices and personal discipline, the risk of injury from the activities and weaponry involved in archery and riflery is significant. If struck by an arrow, pellet or even the air from an air rifle an individual may sustain *SERIOUS, PERMANENT PHYSICAL OR MENTAL INJURIES, INCLUDING PERMANENT DISABILITY, PARALYSIS, BRAIN DAMAGE* or even *DEATH*. Those injuries may result in the need for extended medical care or treatment, long term personal care, and/or hospitalization.

G. **SWIMMING and KYACKING:** When swimming and/or kayaking are taking place as an organized CAMP ACTIVITY a lifeguard will be present. A lifeguard will not be present at the pool or lake at any other time. Minors may not swim without a lifeguard present. Although the risks can be minimized by particular safety practices and personal discipline, swimming, fishing and kayaking inevitably involve the risk of drowning. Diving and swinging from ropes involves the risk of falling at the wrong time or badly, which can result in *SERIOUS, PERMANENT PHYSICAL OR MENTAL INJURIES, INCLUDING PERMANENT DISABILITY, PARALYSIS, BRAIN DAMAGE* or even *DEATH*. Those injuries may result in the need for extended medical care or treatment, long term personal care, and/or hospitalization.

H. **HIGH ROPES and ZIP LINE:** Although the risks can be minimized by particular safety practices and personal discipline, climbing and traveling across the high rope course and using the zip line involve the risk of falling which can result in *SERIOUS, PERMANENT PHYSICAL OR MENTAL INJURIES,*

INCLUDING PERMANENT DISABILITY, PARALYSIS, BRAIN DAMAGE or even DEATH. Those injuries may result in the need for extended medical care or treatment, long term personal care, and/or hospitalization.

I. **CONDITIONS OF NATURE and PROPERTY, and THIRD PARTY ACTS:** Neither RANCH, the other BUSINESSES PROVIDING SERVICES AT THE RANCH nor the persons/entities with an ownership or possessory interest in the PREMISES identified in this Contract have exclusive rights to the PREMISES, any portion thereof, or some of the premises adjacent thereto. RANCH, the other BUSINESSES PROVIDING SERVICES AT THE RANCH and the persons/entities with an ownership or possessory interest in the PREMISES identified in this Contract cannot control and are not responsible for total or partial acts, occurrences or elements of nature or for animals that can startle or frighten a HORSE or PARTICIPANT. Some examples include: thunder, lightening, wind, rain, falling trees, wild and domestic animals, insects, birds, irregular footing, temperature, natural or man-made landscaping, and improvements to property such as fencing, paving, and holes dug by others. Persons who are not parties to this Contract move about the PREMISES frequently and at will, accompanied by HORSES, other animals, vehicles, equipment and other possessions. RANCH, the other BUSINESSES PROVIDING SERVICES AT THE RANCH and the persons/entities with an ownership or possessory interest in the PREMISES identified in this Contract cannot control and are not responsible for the acts or omission of each other or third parties, their animals or their possessions.

J. **UNIQUE CONDITIONS OF THE PREMISES:** The PREMISES commonly known as Cloverleaf Ranch encompass approximately 160 acres of ranch property and improvements. HORSES are permitted to graze in areas that are used for trail rides and a rider may come across a loose horse. In addition to the typical conditions found on a horse property, this land has areas of very steep terrain and is specifically known to have rocks, holes including holes created by ground squirrels, and trees. In addition, bobcats, mountain lions, coyotes, rattle snakes, ticks carrying Lyme disease and animals that may carry Rabies are known to be on the PREMISES. Although The RANCH'S horses are used to the shooting that takes place on the property, the shooting of firearms are is known to frighten some HORSES. Even HORSES that usually appear to be unaffected by gunshots may be frightening by them on some occasions. CLIENT expressly assumes the risks associated with those conditions and activities.

4. **ADDITIONAL TERMS AND CONDITIONS:** In further consideration for the services and benefits to be provided under this Contract:

A. **PROTECTIVE HEADGEAR, FOOTWEAR and BODY WEAR for EQUINE ACTIVITIES:** Protective helmets are available and recommended by RANCH for all persons participating in an EQUINE ACTIVITY. **At all times while mounted on a HORSE, minors must wear helmets that meet the current ASTM and SEI standards for EQUINE ACTIVITIES.** Protective footwear specifically designed for EQUINE ACTIVITIES, with appropriate heels, hard soles and reinforced toes are available and recommended by RANCH. Protective body wear, such as cross-country vests designed to protect the torso in the event of a fall, are also recommended by RANCH. PARTICIPANTS are exclusively responsible for providing their own protective headgear, footwear and body wear. RANCH reserves the right to refuse the use of the PREMISES to any person who is not wearing protective headgear, footwear and/or body wear, but RANCH bears no responsibility, in whole or in part, for any injuries or damages that arise out of or have been contribute to by a PARTICIPANT'S failure to wear such gear while engaged in EQUINE ACTIVITIES under this Contract. Although assuming no duty to do so, STABLE may provide protective helmets or cross-country vests to PARTICIPANTS who have failed to provide their own; however it is understood that the equipment may not be a perfect fit for the PARTICIPANT. The signatories to this Contract and the PARTICIPANTS on whose behalf this Contract has been executed assume the risk and responsibility of deciding whether to use any equipment provided by the RANCH.
